1 Video, 10 Clips Planner

Turn one long video into Shorts, Reels and more

Step 1: The long video

Title

Main topic in one sentence

Step 2: Find the clip-worthy moments

A good clip has a hook, one idea and a clean ending. It makes sense without the rest of the video.

#	Timestamp	Hook (first line)	One idea	Caption style
1				
2				
3				
4				
5

Step 3: Checks for every clip

- [ ] Reframed for vertical, with the speaker well placed
- [ ] Captions inside the safe area, not hidden by app buttons
- [ ] Same fonts and colours as your other clips
- [ ] Short, natural pointer to the full video at the end

Step 4: Publishing plan

Which platforms and on which days?
